

## Jingle Bell Wreath Ornament

### Materials Included:

- (19) Bells: 16 **gold** and 3 **red**
- (1) Chenille Stem (**green** pipe cleaner)
- (1) **Red** Satin Bow
- (1) Looped **Green** Ribbon
- (1) Glue Dot

1. Make your own design, or thread the jingle bells onto the chenille stem (**green** pipe cleaner) in this order: (4) **gold** bells, (1) **red** bell, (4) **gold** bells, (1) **red** bell, (4) **gold** bells, (1) **red** bell, (4) **gold** bells. Bend the chenille stem (**green** pipe cleaner) into a wreath shape (the bells should meet up) and twist the ends of the stem together. Trim off the extra pieces of the chenille stem.
2. Using the glue dot, place it on the twisted ends of the chenille stem and adhere the red satin bow to it. Press down hard to make sure it stays.
3. Take looped green ribbon and make a hanger at the top of the wreath.
